

OUR TEAM

- UEG provides interactive DJ's
- As our background is in the entertainment industry, all of our DJ's entertain as well as DJ the best tunes
- We have DJ's from various walks of life that are prepared to entertain any crowd
- Our technical team has technicians who are trained in all three areas of the sound and lighting industry
- Our techs are geared to manage AV, lighting, and sound
- Our team also trains and acquires abilities in staging and rigging
- In our group we have a large collection of music and can play it live from our music cloud or download the latest and greatest track right on the spot
